Houston, TX 77091 | +1 832 343 9328 | clarkerika39@yahoo.com

Professional Summary

Health Information & Medical Records Specialist with 6+ years of experience supporting high volume healthcare and legal documentation environments. Expertise in medical record retrieval, documentation analysis, claims research, and HIPAA compliant data management. Recognized for improving turnaround times, maintaining 99% accuracy standards, and supporting cross functional clinical teams. Strong background in customer service, insurance verification, and consultation coordination.

Work Experience

Release of Information Specialist I

Memorial Hermann Health System | Houston, TX

March 2026 to Present

- Processed and fulfilled requests for protected health information (PHI) while ensuring compliance with HIPAA and state/federal privacy regulations.
- Reviewed, compiled, and maintained electronic and paper medical records, performing quality checks to ensure accuracy and completeness.
- Served as a primary point of contact for patients, healthcare providers, attorneys, and insurance representatives regarding medical record requests.
- Collaborated with healthcare staff to resolve documentation issues, verify record accuracy, and ensure timely release of information.

Health Information Specialist

2nd.MD

December 2021 to February 2026

- Coordinated second opinion consultations between physicians and nursing teams, ensuring expedited case completion within strict turnaround deadlines.
- Retrieved and analyzed complex medical records (oncology, pediatrics, imaging) to support clinical decision making.
- Structured and organized documentation to improve physician review efficiency.
- Maintained high volume workflow while ensuring strict HIPAA compliance and data accuracy.
- Trained and mentored new team members on documentation standards and workflow processes.
- Contributed to improved consultation turnaround time and operational efficiency.

Customer Service Representative II

Anthem, Inc. | Houston, TX

November 2020 to October 2021

- Managed high volume inbound calls resolving benefit, eligibility, and claims inquiries.
- Researched and analyzed claims discrepancies to provide accurate benefit explanations.
- Coordinated with internal departments to resolve escalated service issues.
- Maintained strong customer satisfaction while adhering to compliance standards.

HIM Tech

Emerus | The Woodlands, TX

January 2020 to July 2020

- Processed and reviewed medical documentation for accuracy and compliance.
- Assisted with insurance verification, authorizations, and claims inquiries.
- Maintained strict HIPAA confidentiality across multiple service lines.

Medical Records Clerk

Avram Blair & Associates P.C | Houston, TX

August 2019 to November 2019

- Processed incoming medical records, sorted, coded, and classified documentation into internal systems.
- Conducted detailed record retrieval and computer based research to provide status updates and case support.
- Ensured organized and accurate record management for legal documentation needs.

Customer Service Representative II

U.S. Legal Support

March 2017 to July 2019

- Managed high volume medical record requests, research follow ups, and escalated documentation issues.
- Coordinated with custodians to obtain compliant and complete records.
- Processed invoices and payments via check and credit card.
- Created and maintained electronic and imaged case records with quality assurance checks.
- Organized and structured hospital records chronologically to support legal review processes.
- Oversaw incoming and outgoing mail flow to maintain documentation timelines.
